Dear Sayar and Ko Zaw Min Myat

I would like to request Local Transporter (U Zaw Min) using and transportation charge for Customer U Nay Naing ZX350 which we sold to customer by TCL landed and need to transport from Ygn to TCL by our arrangement and cost. Even we try to use internal transporter from PMC as priority, PMC transporter is under repair and service, truck crane also not ready to use for carry of Counter Weight, Bucket and Arm . On the other hand, customer rushed to transport machine asap cause he ald tried to pass the Tarkaw Bridge with the related PIC. We need to use one transporter for machine with Boom and one 12 wheels for Counter Weight, Arm and Bucket. Transportation Charge is 200L for transporter and 120L for 12 wheels car, total 320L. We will dismount Counter Weight, Bucket and Arm and transport separately with machine by two cars and remount when arriving to TCL. Pls kindly may we know your instructions on it.
