Generator house, Earth System, Breaker, Cable and Installation Cost : 245 lakhs (each project)
Transportation cost : 45 lakhs (for 1 Unit)
Tander Won Price: 995 lakhs for each project.

For Matador brand - We had sell a lot of Gensets in Dawei & Myeik area, but most of them are Volvo Engine open type, so Matador brand is not well known. This time, we are selling to Government and it is a silent type with Weichai engine. we think that will be able to provide more support for our brand awareness.

May I Kindly get your approval to proceed. 🙏
