	Date	Status	Job Types/Number
1	21.11.24	Attend	Checked the power outout load at IMW site.Checked the panel room and invecter panel.Cleaned the panel room and inverter panel.
2	22.11.24	Attend	Checked the panel room and inverter panel.Checked the power output load at IMW site.Cleaned the aurcon filters in the panel room.We met with labor to clear the grass at the solar plant.
3	23.11.24	Holiday	Checked the panel room and inverter panel.Checked the power output load at IMW site.Met with labour to clear the grass at solar plant.
4	24.11.24	Holiday	Checked the panel room and inverter panel.Checked the power output load at IMW site.
5	25.11.24	Holiday	Checked the panel room and inverter panel.Checked the power output load at IMW site.Submitted units record reports to IMW installation & operation GP.
6	26.11.24	Attend	Checked the panel room and inverter panel.Checked the power output load at IMW site.Submitted units record reports to IMW installation & operation GP.Met with labour to clear the grass at solar plant.
7	27.11.24	Attend	Checked the panel room and inverter panel.Checked the power output load at IMW site.Submitted units record reports to IMW installation & operation GP.Clear the grass at the solar plant with two labours.
8	28.11.24	Attend	Checked the panel room and inverter panel.Checked the power output load at IMW site.Submitted units record reports to IMW installation & operation GP.Clear the grass at the solar plant with two labours.
9	29.11.24	Attend	Checked the panel room and inverter panel.Checked the power output load at IMW site.Submitted units record reports to IMW installation & operation GP.Clear the grass at the solar plant .
10	30.11.24	Attend	Checked the panel room and inverter panel.Checked the power output load at IMW site.Submitted units record reports to IMW installation & operation GP.Clear the grass at the solar plant .
11	1.12.24	Holiday	Checked the panel room and inverter panel.Checked the power output load at IMW site.Submitted units record reports to IMW installation & operation GP.Clear the grass at the solar plant .
12	2.12.24	Attend	Checked the panel room and inverter panel.Checked the power output load at IMW site.Submitted units record reports to IMW installation & operation GP.Clear the grass at the solar plant .

13	3.12.24	Attend	Checked the panel room inverter panel and power output load. Clear the grass at the solar plant with labour.
14	4.12.24	Attend	Checked the panel room inverter panel and power output load. Clear the grass at the solar plant with labour.
15	5.12.24	Attend	Checked the panel room inverter panel and power output load. Clear the grass at the solar plant .
16	6.12.24	Attend	Checked the panel room and inverter panel. Checked the power output load at 1MW site. Submitted units record reports to 1MW installation & operation GP. Clear the grass at the solar plant with labours.
17	7.12.24	Holiday	Checked the panel room and inverter panel. -Checked the power output load at 1MW site. -Submitted units record reports to 1MW installation & operation GP. -Clear the grass at the solar plant . -The bolls in the trunking way were treated with medicine.
18	8.12.24	Holiday	Checked the panel room and inverter panel. Checked the power output load at 1MW site. Submitted units record reports to 1MW installation & operation GP. Clear the grass at the solar plant with labour. The bolls in the trunking way were treated with medicine.
19	9.12.24	Attend	Checked the panel room and inverter panel. Checked the power output load at 1MW site. Submitted units record reports to 1MW installation & operation GP.
20	10.12.24	Attend	Checked the panel room and inverter panel. Checked the power output load at 1MW site. Submitted units record reports to 1MW installation & operation GP. Clear the grass at the solar plant with labour.
21	11.12.24	Attend	Checked the panel room and inverter panel. Checked the power output load at 1MW site. Submitted units record reports to 1MW installation & operation GP. Clear the grass at the solar plant.
22	12.12.24	Attend	Checked the panel room and inverter panel. Checked the power output load at 1MW site. Submitted units record reports to 1MW installation & operation GP. Checked and cleaned pump house.
23	13.12.24	Attend	Checked the panel room and inverter panel. Checked the power output load at 1MW site. Submitted units record reports to 1MW installation & operation GP. The bolls were treated with medicine at trunking way.

24	14.12.24	Attend	Comeback to Myeik branch from IMW site. Checked the tools list and collected tools at Myeik branch.
25	15.12.24	Holiday	Checked the stock list and tools list and collected tools at Myeik branch.
26	16.12.24	Attend	Made Morning exercise at Myeik branch. -Comeback to IMW site from Myeik branch. -Checked the panel room, inverter panel and power output load.
27	17.12.24	Attend	Checked the panel room, inverter panel com id and power output load at IMW site. Checked the solar plant and cleaned the grass.
28	18.12.24	Attend	Checked the panel room and inverter panel, Com Id and power output load at IMW site. Checked and cleaned Encombi panel.
29	19.12.24	Attend	Checked the panel room and inverter panel, Com Id and power output load at IMW site. Cleaned the panel room and aircon filters.
30	20.12.24	Attend	Checked the panel room and inverter panel and output load at IMW site. Cleaned inverter panel inside and cable way.
